WORK EXPERIENCE

Omise, Project Manager

Bangkok, Thailand | Mar 2025 – present

- Led multi-partner digital wallet program serving 250K+ users and generating ~\$420K in projected 3-year revenue, managing parallel integrations of open-loop wallet solutions across two partners with regulatory compliance to scale wallet-as-a-service capabilities
- Delivered the Report Engine project plan, scoping \$300K annual opportunity to enhance merchant reporting capabilities
- Coordinated cross-functional teams on the CYBS REST API rollout for Thai banks, enabling major client migration to Cybersource that drove ~\$150K/month in savings
- Established structured Agile cadences, streamlined documentation, and reporting processes to provide clear visibility to internal teams and client stakeholders

Indorama Ventures PCL, Digital Project Manager

Bangkok, Thailand | Jun 2020 – Mar 2025

- **Managing the data integration of Workday's Adaptive Planning** module by overseeing the backlog, ensuring timely delivery, and coordinating cross-functional teams, resulting in streamlined financial data integration and enhanced reporting aligned with business requirements
- **Contributed to the solution design and data modeling** for procurement analytics, enhancing data warehouse and master data management (supplier, spend category, payment terms) for improved efficiency and reliability. Developed a key data model that was instrumental in shaping discussions around solution design
- **Initiated the COMA App in its discovery phase**, a platform designed to simplify access to customer and product profitability data, creating UI mockups, defining the product concept, and consulting with a sales expert to align with business needs
- **Developed user-centric Tableau dashboards**, facilitating enhanced decision-making by tracking business performance and responding to unique user needs
- **Managing a vendor partnership for supply chain analytics software**, serving as the key liaison between business users and the vendor. Tasked with developing inventory management use cases and supporting feature enhancements to boost platform adoption and impact

Finnomena, Summer Analyst

Bangkok, Thailand | Sep 2018

- Worked with the Investment Advisory team in data research for advising investment strategies to clients

IRPC Public Company Limited, Summer Marketing Analyst

Bangkok, Thailand | Aug 2018

- Analysed a competing country's export data to identify its target countries and presented to the team leader

Thai Oil Public Company Limited, Summer Analyst

Chonburi, Thailand | Aug 2017 - Sep 2017

- Evaluated crude oil prices and product values to optimize procurement decisions.

EDUCATION

Imperial College London

London, United Kingdom | Sep 2018 - Sep 2019

- MSc Advanced Chemical Engineering with Process Systems Engineering

Lancaster University

Lancaster, United Kingdom | Oct 2015 - Jun 2018

- BEng (Hons) Chemical Engineering, **First Class Honours** and member of the Institution of Chemical Engineers

EXTRA-CURRICULAR ACTIVITIES
